

Part 2

Write the pronoun that could replace or relate to each boldfaced word or phrase. Capitalize a word that begins a sentence.

11. Sereno is the co-founder of a science education organization based in Chicago.
It is called Project Exploration.
12. Sereno and his wife **Gabrielle Lyon** founded Project Exploration in 1999. She shares his goal of getting young people interested in science.
13. Each year Project Exploration gives a **small group of students** the chance to go on a fossil dig. This opportunity is an exciting one for them.
14. In 2001 **Sereno and his research team** went on the first of several expeditions to China. They first explored remote areas of the Gobi Desert.
15. The **Gobi Desert** stretches across large areas of China and Mongolia. Much of it is bare rock rather than sand.
16. The team discovered **more than 20 dinosaurs** there. They had died in their tracks.
17. Sereno is an Explorer-in-Residence at the National Geographic Society, and articles about him have appeared in *National Geographic* magazine.

Part 3

Circle the pronoun in each clue. Then find the four antecedents in the puzzle. All the antecedents appear in this lesson.

18. He hunts dinosaurs.
19. The Gobi is an example of it.
20. Paleontologists look for them.
21. Sereno teaches it.
