Direct and Indirect Quotations

Lesson 69

7

Brigid asked, "Is Australia a continent or an island?"
Arthur explained that it is both.

Underline the sentence that shows a speaker's exact words. Circle the marks that begin and end this quotation. Circle the first letter of the quotation.

A **direct quotation** is a speaker's exact words. Use **quotation marks** at the beginning and end of a direct quotation. Use a comma to separate the speaker's exact words from the rest of the sentence. Begin a direct quotation with a capital letter. Add end punctuation (period, question mark, exclamation point, or comma in place of a period) before the last quotation mark. An **indirect quotation** is a retelling of a speaker's words. Do not use quotation marks when the words *that* or *whether* come before a speaker's words.

See Handbook Sections 4, 6

Part 1

Write *I* after each indirect quotation and *D* after each direct quotation. Then add quotation marks, commas, and end marks to direct quotations. Draw three lines (≡) under lowercase letters that should be capitalized.
